

“I struggled for months trying to prepare our company D&A policy. Your course gave me the inside knowledge to write an effective drug and alcohol screening policy”. Miles

McKinnon, HB Transport

INCLUDED MODULE Workplace Breathalyser Training

Learn how to conduct a breath alcohol test in a workplace environment using an Australian Standards approved breathalyser. The module covers practical hands-on use of a breathalyser, how to effectively conduct and arrange a breath alcohol test, how to record test results for correct compliance and laboratory confirmation of %BAC results.

This module is also available separately for those only conducting alcohol testing.

(Course cost: \$149 when purchased as a stand-alone unit)

Duration: 1 hour

Nationally Accredited Certified Drug & Alcohol Screening Officer Training Course

HLTPAT005 - Collect specimens for drugs of abuse testing

Does the course conform to the Australian Standards requirements?

Onsite Diagnostics' *Nationally Accredited Drug & Alcohol Screening Officer* training course (HLTPAT005 *Collect specimens for drugs of abuse testing*) has been developed to address new legislative requirements for drug & alcohol testing in accordance with the following Australian Standards:

AS/NZS 4308:2008 Procedures for specimen collection and the detection and quantitation of drugs of abuse in urine

AS/NZS 4760:2019 Procedures for specimen collection and the detection and quantitation of drugs in oral fluid

AS 3547:1997 Breath alcohol testing devices for personal use

In accordance with WH&S requirements all drug screening officers are required to hold a Statement of Attainment in accordance with the Australian Quality Training Framework under the definition of 'Collector' in the relevant Australian Standards.

The unit *HLTPAT005 Collect specimens for drugs of abuse testing* is a Nationally Accredited comprehensive pathology training course provided in layman's terms, available via both distance/online learning or via classroom training.

What is the course content?

The learning program is designed to ensure correct procedures are followed when performing onsite drug screening and preparing and packaging a drug test specimen and specifically covers:

- 1 Introduction
- 2 Drug types and their effects
- 3 Review of Australian Standards
- 4 Drug testing methods
- 5 Arranging a test
- 6 Drug testing equipment types (urine test cups & oral fluid tests)
- 7 Confirmatory testing at the laboratory
- 8 Chain-of-custody requirements
- 9 Test integrity
- 10 Conducting a urine drug test
- 11 Conducting and oral fluid drug test
- 12 Conducting and recording a breath alcohol test

What Employment Pathways are available?

Employment pathways include working in drug and alcohol screening at mine sites, transport industries, large industrial sites, medical centres and other workplaces or environments where the need for drug and alcohol screening has been identified as a Workplace Health and Safety requirement.

Where is the training conducted?

In order to allow flexibility and convenience for workplaces and their employees we offer this course via distance learning.

You will have access to a qualified drug testing officer/ assessor over the phone who will assist you with any questions you have during your training.

A comprehensive training pack will be sent to you which includes drug testing equipment, student workbook and access to our online training portal.

What are the course fees and duration?

Fees:

Distance Learning - \$760 per person

For training at your workplace the cost varies - contact us for a quote.

Duration:

Distance Learning - 9 hours private study to complete, or

Classroom training - 1 day program of 8-9 hours + lunch (for larger groups at your workplace)

On completion of the course each participant will be issued with a 'Statement of Attainment' allowing them to work as a **Nationally Accredited Drug & Alcohol Screening Officer** in a workplace environment.

Call **1300 667 107** for enrolment information. A study kit with course materials will be sent to you upon enrolment.
